Why study Fashion abroad?

- Improve your chances of getting a job and expand career options
- Earn credits towards your degree
- Become more independent and self-confident
- Gain intercultural communication skills and expand your problem-solving skills
- Stand out to employers and prepare you to work in an increasingly diverse world
- Gain new perspective on your field
- Improve your language skills
- Develop a global network of faculty, students, friends, and locals

When is the best time to study abroad?

Junior year either semester is the best time to go, but second semester sophomore year is fine as well. We discourage students from participating the fall semester of their senior year, but it is best to go and that is a possibility. We do not recommend study abroad for freshmen.

What courses should I take?

Most programs that are more focused on Merchandising seem to have equivalents for the following classes that usually fall in students' junior year:

FASH 343 Fashion Forecasting

FASH 451 Importing and Exporting

FASH 350 Fashion Promotion (required for all students coming in Fall 2016, would count as a fashion elective for students that are already in the program)

FASH 380 Fashion Branding

Any marketing class

Any art history class (to count as the art history elective requirement)

How can I afford to study abroad?

Studying abroad does not have to be expensive! VCU offers a variety of program options to fit most students' budgets and the Education Abroad office assists students with identifying and applying for funding. Consider the following:

- **Use what you already have!** Most financial aid and scholarships that you already receive can be used toward study abroad. Other sources of funding may also help: pre-paid tuition plans, veteran's benefits, etc.
- **Scholarships:** There are VCU scholarships to study abroad as well as nationally competitive scholarships. Begin your search on our site and at StudyAbroadFunding.org and DiversityAbroad.com
- **Program length:** Per day expenses are often less expensive on semester programs than on summer programs and airfare may cost the same regardless of the length of your stay
- **Program type:** Programs with more structure that include group activities or excursions may be more expensive than exchange programs which include tuition, room, and board.
- **Cost of living:** If you're looking to save money on studying abroad, avoid destinations with a high cost of living like capital cities and popular tourist destinations.
- **What's included?** When considering the cost of a program, determine what the program fee includes...and what it doesn't. Some are almost all-inclusive and will cover the cost of a cell phone, insurance, group excursions and welcome/farewell receptions whereas other programs cover only the basics.
